1. Donation of surgical masks (N95) to local hospitals

OSG Corporation has donated surgical masks to local hospitals that are under pressure of the Covid-19 pandemic.

OSG supplied masks to the Toyohashi city hospital, Toyokawa city hospital, and Shinshiro city hospital that are in constant need of surgical masks.

OSG strives to contribute to medical personnel as well as the local community to maintain a safe and healthy environment.

2. OSG offers booster vaccine for employees and families

OSG Corporation has provided a third dose of the Covid-19 vaccine to its employees and family members this March. The vaccination was administered by OSG's in-house physicians and nurses in an efficient and safe manner. Approximately 1,800

OSG Corporation

employees and family members received the booster shot across two days.

OSG strives to maintain a healthy environment within the company and to contribute to local medical facilities to keep communities safe.

3.OSG sponsors Toyokawa Inari event in support of its local community

OSG Corporation has become a sponsor of the YORUMO-DE event held at the Toyokawa Inari to stimulate the local economy, which has been strained by the Covid-19 pandemic.

Toyokawa Inari (one of the three major Inari shrines in Japan) has suffered from a sharp decline in the number of worshipers due to the Covid-19 outbreak. OSG is headquartered in the city of Toyokawa and has vowed to support the YORUMO-DE event to revitalize the local economy and to increase the number of worshipers.

OSG Corporation

Last year, YORUMO-DE gathered some 30,000 worshipers with success, and has become a regularly held event.

It is OSG's duty as a local business to contribute to a sustainable economy to better community development.

4. Community contribution with San-en NeoPhoenix

OSG Corporation collaborated with San-en NeoPhoenix, a B. League professional basketball team based in the central region of Japan, during a home game at the Toyohashi City General Gymnasium on March 20, 2022 to promote equality and to contribute to local community growth.

The event invited individuals with hearing disabilities and included an introduction of deaf basketball, sign language games, and the sale of goods by supporting facilities.

OSG values the wellness of its local community and strives to contribute to ensure equality and eliminate discrimination.

5.Receiving “Environmental Activity Award”

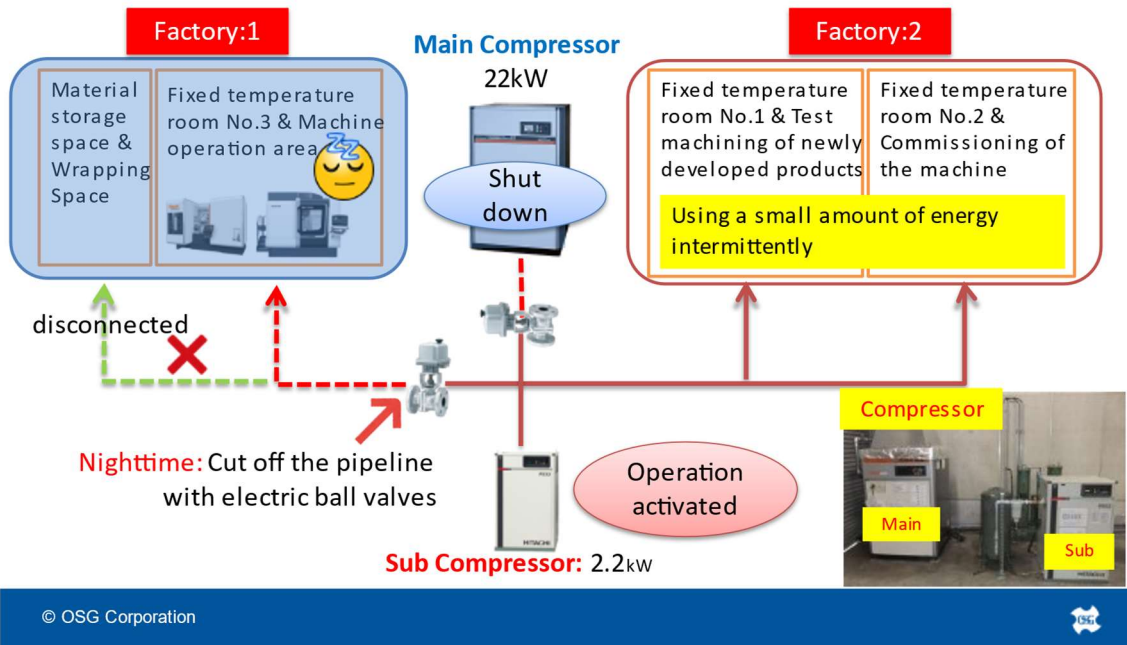

OSG Corporation (President: Nobuaki Osawa) has announced that it had an honor to receive the “Environmental Activity Award” by Japan Cutting & Wear-resistant Tool Association (JTA). JTA has its own commendation system to award its members of which highly achieved in the environmental activities.

This time, OSG has been awarded by its activity of “saving the energy used in the factories by switching the compressor between daytime and nighttime”. This environmental initiative has been shared to the other members of JTA at the Environmental Activity Exchange Meeting, which is held annually.

OSG will continue to adopt various environmental activities operated by other companies to accelerate its own activity to achieve Carbon Neutral.

Reducing energy consumption in Factories by Switching the Compressor between Daytime and Nighttime

■ **Nighttime** operation: energy is supplied by sub (small) compressor
